Sir:

**RENEWED REQUEST FOR CONSIDERATION
OF PREVIOUSLY CITED REFERENCE**

Please note that a copy of our Request for Consideration of Previously cited References is attached together with a postcard receipt for same. We have received no reply to our request.

The initialled copy of Form PTO-1449 filed on January 6, 2004 with an Information Disclosure Statement) returned with the Notice of Allowance (mailed 12/16/2004) has a line through the identified copending application 10/712,028 (now published as 20004-0094127 A1).

As evidenced by the January 6, 2004 IDS and the attached copy of the USPTO postcard receipt, a copy of application 10/712,028 was attached to the IDS thus confirming with all then-applicable USPTO practice. It is therefore not known why this entry was lined through and not initialed. Perhaps the attached copy was separated and lost somewhere in the process?

In any event, since the applicant complied with all requirements for citation and consideration, that is respectfully requested. In accordance with now current practice, a

KONDO
Serial No. 10/757,495

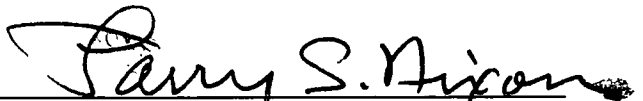

new Form PTO-1449 is attached using the corresponding publication number 2004-0094127A1. A returned initialed and dated copy is requested to confirm citation and consideration.

Under the circumstances, it is not believed that any IDS fee should be required. However, if any fee is required, then authority is hereby given to charge such fee to our Account no. 14-1140.

Respectfully submitted,

NIXON & VANDERHYE P.C.
